A Goal Reached - Housing Plan Developed

On May 15, 2007 the report, *Community Solutions For Affordable Housing* was released. It provides feasible options for housing projects in a format and in sufficient detail to be of use to housing providers, funding agencies, municipal leaders and the community-at-large in understanding and addressing the needs of the homeless and under-housed within the City of Kenora.

Recommendations:

1. 24 hours emergency shelter.
2. 8 single room occupancy (SRO) units.
3. 20 SRO rent geared to income.
4. 10 single dwelling Aboriginal family units.
5. Tax discount, utility discount or maintenance tax credit for low fixed income seniors.
6. 2 supportive housing projects; 10 transitional units for victims of violence, 10 units for senior supportive health and assistive living.
7. Rent subsidization; 15 units for single parent housing and 10 units for individuals experiencing mental health dysfunction.
8. Revolving housing trust for low income families.

Kenora has the opportunity to improve its quality of life by investing in these recommendations in addition to working in creative partnership.
